"Our operating margins improved in Q4 by over 120bps, largely driven by favourable revenue mix and result of strong cost controls across the value chain," Ceat CFO Kumar Subbiah said. The company incurred capex of Rs 946 crore during the year largely for capacity additions that would prepare it well to deliver growth plans in FY26, he added.

"During the quarter, we incurred Rs 37 crore towards voluntary separation of employees in one of our high-cost factories as part of our continuous effort to keep our manufacturing units cost competitive," Subbiah said.

The company said its board has approved a dividend of Rs 30 (300 per cent) per share for FY24-25.

Shares of the company on Tuesday ended 0.48 per cent up at Rs 3,061.40 apiece on BSE.
