1. Background:

Regulation 30 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") requires the Company to frame a policy for determination of materiality of an event/information specified in Para B of Part A of Schedule III of the SEBI Listing Regulations, based on the criteria specified in the said Regulation for disclosure to the Stock Exchanges and hosting it on the website of the Company.

2. Criteria for determining Materiality of events and information:

Materiality of an event/information must be determined on a case-to-case basis depending on specific facts and circumstances relating to the event/information.

The Company shall consider the following criteria for determination of materiality of event/information specified in **Annexure** to this policy as and when they occur.

A. Where the omission of an event/information, is likely to result in:

a) discontinuity or alteration of event/information already available publicly; or

b) a significant market reaction if the said omission came to light at a later date.

B. Materiality Thresholds:

In case where materiality of the events/information cannot be ascertained based on criteria as stated in points 2(A)(a) and 2(A)(b) above, the same may be considered as material for disclosure, upon meeting materiality thresholds as prescribed by SEBI from time to time.

Any event specified in the Annexure to this policy would be considered as material, if the omission of such event or information, whose value or the expected impact in terms of value, exceeds the thresholds as prescribed by SEBI from time to time.

Events/information with respect to any subsidiary of the Company would be considered material for the Company if the value or expected impact of the event/ information on the Company in terms of value exceeds the limits prescribed by SEBI from time to time.

C. In case where criteria specified under above-mentioned clauses 2(A) and 2(B) are not applicable, an event or information may be treated as material, if in the opinion of the Board of Directors of the Company, the event / information is considered material and ought to be disclosed.

3. Guidance on Timing of Occurrence of an Event or Information for Onward Disclosures:

As prescribed under Regulation 30(6) of the SEBI Listing Regulations, all events or information which are material as determined under this Policy shall be disclosed to the stock exchange(s), as soon as reasonably possible and in any case not later than the timelines prescribed under the SEBI Regulations, as amended from time to time.

In this regard, the Company shall evaluate the event / information to when it can be said to have occurred, depending upon the stage of discussion, negotiation or approval and in other instances where there is no such discussion, negotiation or approval required viz. in case of natural calamities, disruptions etc., the answer to the above question would depend upon the timing when the Company becomes aware of the event/information.

The events/information can be said to have occurred when the Company becomes aware of the events/information, or as soon as, the Managing Director & CEO, Chief Financial Officer or Officer as defined under Section 2(59) of the Companies Act, 2013, becomes aware of the event or comes into possession of the information, through credible and verifiable channels of communication, in the course of the performance of his/her duties.

If as and when, the Company is mandatorily required as per SEBI Listing Regulations to confirm, deny or clarify upon material price movements as may be specified by the stock exchanges, on any reported event or information in the mainstream media which is not general in nature and which indicates that rumour of an impending specific event or information is circulating amongst the investing public, it shall do so as soon as reasonably possible, with prescribed particulars.

4. Sector Regulator / Enforcement Authority
